

IQZeen System: End-to-End User Manual

Welcome to the comprehensive guide for operating the IQZeen Restaurant Management System. This document contains all necessary links, credentials, and step-by-step instructions for demonstrating the platform.

Master Link Directory

Deployed Infrastructure

- Frontend (Next.js): <https://iqzeen.vercel.app>
- Backend API (NestJS): <https://iqzeen.onrender.com/api>

Restaurant Dashboards

- Login Portal: <https://iqzeen.vercel.app/dashboard/login>

S&A Cafe - Customer QR Links

- Table 1: <https://iqzeen.vercel.app/menu/sanda-table-1>
- Table 2: <https://iqzeen.vercel.app/menu/sanda-table-2>
- Table 3: <https://iqzeen.vercel.app/menu/sanda-table-3>
- Table 4: <https://iqzeen.vercel.app/menu/sanda-table-4>

Master Credentials

To access the Owner Terminal for S&A Cafe, use the following credentials:

- Email: owner@sanda.com
- Password: Sanda123!

End-to-End Demonstration Workflow

Step 1: Open the Owner Terminal (KDS)

1. Go to the Login Portal.
2. Log in using the S&A Cafe credentials.
3. You are now looking at the Kitchen Display System (KDS). Leave this tab open.

Step 2: Simulate a Customer Scan

1. Pull out your smartphone and navigate to Table 1's link.
2. Explain that if multiple people scan the same QR code, their carts synchronize in real-time via WebSockets!

Step 3: Place an Order

1. Browse the menu and add items to the cart.
2. Proceed to checkout and confirm the order.

Step 4: Watch the Real-Time Sync

1. Look back at the Owner Terminal tab.
2. You will hear an audible ding, and the new order will instantly appear!

Step 5: Process the Order in the Kitchen

1. Click START COOKING.
2. Click MARK READY.
3. Click MARK SERVED to log the transaction.

Step 6: View Analytics

1. Navigate to the Analytics tab to show real-time revenue updates.
2. Go to the Order History tab to show the permanent ledger.
